THE GUIDE / GO BEYOND THE PACKET

One guide. Three ways to learn.

Beyond the Tax-Sale Packet is an illustrated, spoken-first guide to how Nova Scotia municipal tax sales work and how to research carefully. The book is the source work; it will also become an audiobook and a video edition.

A map can tell you where. It cannot tell you whether.

Boundaries are not a survey. Listings can change. The map and guide do not prove access, title, condition, value, possession, insurance, financing, or buildability. Verify the current municipal source and ask the right qualified professional.
