02 / GO BEYOND THE PACKET

One guide. Three ways to learn.

Beyond the Tax-Sale Packet is an illustrated, spoken-first guide to how Nova Scotia municipal tax sales work and how to research carefully. The book is the source work; it will also become an audiobook and a video edition.

THE USEFUL BOUNDARY

A map can tell you where. It cannot tell you whether.

Mapped boundaries are not a survey. A notice is not a promise that a property remains in the sale. Neither the map nor the guide proves access, title, condition, value, possession, insurance, financing, or buildability. Verify the current municipal source and ask the right qualified professional.
